PART 2 CERTIFICATION BY OFFICER

June 30, 2023

State of California California Department of Social Services Continuing Care Contracts Branch 744 P. Street, M.S. 9-14-91 Sacramento, California 95814

This Certification Notice is submitted by Camino Real Care LLC and Skilled Camino LLC to The State of California, Community Care Licensing Division, Continuing Care Contracts Branch, pursuant to the requirements of the Continuing Care Contract Annual Reserve Report, for the year ended December 31, 2022.

To the best of my knowledge, after a review of the enclosed information I certify the following to be true, complete and correct:

- 1. The Annual Report is correct to the best of my knowledge.
- 2. Each continuing care contract form in use or offered for new residents has been approved by the Department.
- 3. The required liquid reserves are being maintained.

INDEPENDENT AUDITOR'S REPORT

To the Management of Camino Real Care LLC and Skilled Camino LLC Escondido, California

Opinion

We have audited the accompanying combined financial statements of Camino Real Care LLC and Skilled Camino LLC (California Limited Liability Companies) (collectively the Company), which comprise the combined balance sheet as of December 31, 2022, and the related combined statement of operations and member's equity (deficit), and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Camino Real Care LLC and Skilled Camino LLC as of December 31, 2022, and the results of its operations and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

Emphasis of Matter

As discussed in Note 2 to the combined financial statements, during the year ended December 31, 2022, the Company adopted new accounting guidance related to leases. Our opinion is not modified with respect to this matter.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Hansen Hunter + Co. P.C.

June 27, 2023

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 1 – Nature of Business

Camino Real Care LLC and Skilled Camino LLC (collectively, the Company) are wholly owned subsidiaries of Golden State Care Holdings LLC. The Company started its operations on June 1, 2021. The Company is located in Carlsbad, California and is licensed as a Continuing Care Retirement Community. The Company offers independent and assisted living, memory care, and skilled nursing care.

The Company consists of limited liability companies; therefore, the respective members are not liable to the companies for monetary damages for conduct as a member, except to the extent that the California Limited Liability Company Act, as they not exist or may hereafter be amended, prohibit elimination or limitation of member liability. The companies shall exist in perpetuity, unless dissolved as provided for in the Operating Agreements.

NOTE 2 – Summary of Significant Accounting Policies

Basis of accounting

The combined financial statements of the Company have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Principles of combination

The accompanying combined financial statements include the accounts of Camino Real Care LLC and Skilled Camino LLC, which are under common control. All significant intercompany balances and transactions have been eliminated in combination.

Cash and cash equivalents

Cash and cash equivalents include cash in checking accounts. The Company's available cash is held in accounts at commercial banking institutions. The Company currently has bank deposits with commercial banking institutions that exceed Federal Deposit Insurance Corporation insurance limits; however, management believes that credit risk with respect to these balances is minimal due to the strength of the financial institutions. To date, the Company has not experienced losses in any of these accounts.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Accounts receivable

Accounts receivable are reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing resident care services. Accounts receivable are recorded in the accompanying combined balance sheet net of contractual adjustments and implicit price concessions, which reflect management's estimate of the transaction price. The Company estimates the transaction price based on negotiated contractual agreements, historical experience, and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions and is recorded through a reduction of gross revenue and a credit to accounts receivable. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. Accounts receivable are ordinarily due 30 days after the issuance of the invoice.

As of December 31, 2022, and 2021, the accounts receivable balance was \$1,422,284 and \$1,113,854, respectively. The accounts receivable balance as of December 31, 2022 and 2021 shown on the accompanying combined balance sheet is net of contractual adjustments of \$33,951 and \$31,939, respectively.

Prepaid expenses

Payments made to vendors that will benefit periods beyond the reporting year are recorded as prepaid expenses. Prepaid expenses consist primarily of payments for insurance.

Prepaid insurance is recorded in conjunction with prepayment through a short-term financing agreement and then expensed over the course of the applicable insurance policies.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful life of the property and equipment. Estimated useful lives used are as follows:

| Building and leasehold improvements | 12 to 13 years |
|-------------------------------------|----------------|
| Office equipment | 5 years |
| Furniture and fixtures | 5 years |

Depreciation on leasehold improvements is calculated using the straight-line method over the lesser of the remaining lease term or the estimated useful life of the asset. Repair and maintenance charges which do not increase the useful lives of the assets are charged to expense as incurred. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. It is the Company's policy to capitalize property and equipment over \$3,000.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Impairment of long-lived assets

The Company's long-lived assets include property and equipment. The Company follows the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Section 360, Property, Plant, and Equipment. In accordance with ASC 360, long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the expected future cash flow from the use of the asset and its eventual disposition is less than the carrying amount of the asset, an impairment loss is recognized and measured using the fair value of the related assets. For the year ended December 31, 2022, the Company did not identify any material impairment of its long-lived assets.

Advertising

The Company expenses the cost of advertising and promotions as incurred. The Company's advertising and promotion expense was \$34,541 for the year ended December 31, 2022, which is included in marketing expense on the combined statement of operations and member's equity (deficit).

Income taxes

The Company, with the consent of its sole member, has elected under the Internal Revenue Code to be taxed as an S-Corporation. In lieu of corporate income taxes, the members of an S-Corporation are taxed on their proportionate share of the Company's taxable income. Accordingly, no provision or liability for income taxes has been included in the combined financial statements. Management does not believe there are any uncertain tax positions as of December 31, 2022. The federal and state income tax returns of the Company for 2022 (when filed) are subject to examination by the respective taxing authorities generally for three years after they are filed.

Obligation to provide future services

Annually, the Company calculates the present value of the net cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. Deferred revenue from entrance fees as of December 31, 2022 was \$0. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (obligation to provide future services and use of facilities) with the corresponding charge to expense. For the year ended December 31, 2022, the calculation resulted in no future service liability. The discount rate used was 5.00%.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Revenue recognition

Resident service revenue is reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing resident services. These amounts are due from residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Company bills the residents and third-party payors several days after the services are performed or the resident no longer needs care. Revenue is recognized as performance obligations are satisfied. Additionally, the Company has applied the practical expedient provided by FASB ASC 340-40-25-4, and all incremental resident contract acquisition costs are expensed as they are incurred, as the amortization period of the asset that the Company otherwise would recognize is one year or less in duration.

Performance obligations are determined based on the nature of the services provided by the Company. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Company believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligations based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time are related to residents in the Company's facilities receiving in-resident post-acute care services or residents receiving services in their homes. The Company measures the performance obligation from admission into the assisted living unit, or the commencement of the assisted living service, to the point when it is no longer required to provide services to that resident, which is generally at the time that the resident elects to move from the facility or passes away. Revenue for performance obligations satisfied at a point in time is generally recognized when goods or services are provided to our residents in a retail setting (for example, personal care services and additional meals not covered in the resident contract) and the Company does not believe it is required to provide additional goods or services related to that sale.

The Company determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured residents in accordance with the Company's policy (charity care), and implicit price concessions provided to uninsured residents. The Company determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies, and historical experience. The Company determines its estimate of implicit price concessions based on its historical collection experience with this class of residents. Subsequent changes that are determined to be the result of an adverse change in payors ability to pay are recorded as an allowance for doubtful accounts are deemed uncollectible. In accordance with the adoption of ASC 606, an allowance for doubtful accounts is established only as a result of an adverse change in the customers or pay's ability to pay outstanding billings.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Revenue recognition (continued)

Agreements with third-party payors typically provide for payments at amounts less than established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare – Certain in-resident post-acute care services are paid at prospectively determined rates per service based on clinical, diagnostic, and other factors. Certain services are paid based on cost-reimbursement methodologies subject to certain limits. Physician services are paid based upon established fee schedules. The licensed nursing facility participated in the Medicare program for the year ended December 31, 2022 and was reimbursed based on the Patient Driven Payment Model (PDPM). This program is administered by the United States Department of Health and Human Services. The PDPM is a per diem price-based system. Annual cost reports are submitted to the designated intermediary; however, they will not contain a cost settlement.

Other – Payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations provide for payment using prospectively determined rates per service, discounts from established charges, and prospectively determined daily rates.

Laws and regulations concerning government programs, including Medicare, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various healthcare organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Company's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Company. In addition, the contracts the Company has with commercial payers also provide for retroactive audit and review of claims.

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing resident services. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor, and the Company's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from a change in the transaction price were not significant for the year ended December 31, 2022.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Revenue recognition (continued)

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Company also provides services to uninsured residents, and offers those uninsured residents a discount, either by policy or law, from standard charges. The Company estimates the transaction price for residents with deductibles and coinsurance and from those who are uninsured based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. For the year ended December 31, 2022, a reduction of revenue of \$25,500 was recognized due to changes in its estimated implicit price concessions, discounts, and contractual adjustments for performance obligations previously satisfied.

Non-contractual revenue adjustments totaling \$254,377 were recorded from the year ended December 31, 2022 for self-pay, uninsured residents, and other payors by major class based on the Company's historical collection experience, aged accounts receivable by payor, and current economic conditions. The non-contractual revenue adjustments represent the difference between amounts billed and amounts expected to be collected based on collection history with similar payors. The Company assesses its ability to collect for the resident service provided at the time based on the Company's verification of the resident's insurance coverage under Medicare, commercial, or managed care insurance programs, or out of pocket.

The composition of resident service revenue by primary payors, including concentrations for those payor types greater than 10% of revenue, for the year ended December 31, 2022 are as follows:

| Medicare | \$ 7,123,037 | 43.0% |
|-----------|------------------|--------|
| Insurance | 2,725,316 | 16.5% |
| Private | 5,976,088 | 36.2% |
| Other | 713,915 | 4.3% |
| | | |
| Total | \$ 16,538,356 | 100.0% |

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Leases

The Company leases skilled nursing, independent and assisted living and memory care facilities. The Company evaluates at contract inception whether a lease exists and recognizes a lease liability and right-of-use (ROU) asset for all leases with a term greater than 12 months. Leases are classified as either finance or operating.

All lease liabilities are measured as the present value of the future lease payments using a discount rate, which is generally the Company's incremental borrowing rate for collateralized borrowings or the risk-free rate. The Company's policy is to use the risk-free rate for building leases in which there is no implied rate or incremental borrowing rate available. The future lease payments used to measure the lease liability include both fixed and variable payments that depend on a rate or index, as well as the exercise price of any options to purchase the underlying asset that have been deemed reasonably certain of being exercised. Future lease payments for optional renewal periods that are not reasonably certain of being exercised are excluded from the measurement of the lease liability. Regarding variable payments that depend on a rate or index, the lease liability is measured using the applicable rate or index as of lease commencement and is only re-measured under certain circumstances, such as a change in the lease term. Lease incentives serve to reduce the amount of future lease payments included in the measurement of the lease liability. For all leases, the ROU asset is initially derived from the measurement of the lease liability and adjusted for certain items, such as initial direct costs and lease incentives received. ROU assets are subject to impairment testing.

Amortization of finance lease ROU assets, which is generally recognized on a straight-line basis over the lesser of the lease term and the estimated useful life of the asset, is included within depreciation and amortization expense in the combined statement of operations. Interest expense associated with finance lease liabilities is included within interest expense in the combined statement of operations. Operating lease expense is recognized on a straight-line basis over the lease term and included within lease expense in the combined statement of operations. The lease term is determined based on the date the Company acquires control of the leased premises through the end of the lease term. Optional renewals periods are not initially included in the lease term unless they are deemed to be reasonably certain of being exercised at lease commencement.

Financial instruments

The Company's financial instruments consist of accounts receivable, accounts payable, payroll and related liabilities, accrued expenses, and related party payables. It is management's opinion that the Company is not exposed to significant interest rate or credit risk arising from these.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 2 – Summary of Significant Accounting Policies (continued)

Adoption of New Accounting Standard

In February 2016, FASB issued Accounting Standard Update (ASU) 2016-02, Leases (Topic 842). The new guidance amends the former accounting principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. The most significant change is the new standards require an entity to report a right-of-use asset and a liability for the obligation to make payments for all leases, with exception of those leases with a term of 12 months or less. ASU 2016-02 requires enhanced disclosure to meet the objective of enabling users of financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. ASU 2016-02 was subsequently amended by other ASUs to clarify and improve the standard as well as to provide certain practical expedients.

Effective January 1, 2022, the Company adopted ASU 2016-02. The ASU has been applied under the effective date method as of the beginning of the reporting period in which the Company first applies the leases standard. The Company elected the package of practical expedients permitted under the transition guidance within the new standard, which among other things, allowed the Company to carry forward the historical lease classification. In addition, the Company elected the practical expedient to use hindsight in determining the lease term for existing leases, which resulted in shortening the useful lives of corresponding leasehold improvements as certain options to renew were not reasonably certain. As of January 1, 2022, adoption of this new standard resulted in an increase in operating lease ROU assets of \$26,980,584 and an increase in operating lease obligation of \$27,274,947 related to the lessee accounting. There was no significant effect on the financial statements related to the adoption of this new standard which would require a cumulative effect adjustment to Member's equity at the date of adoption.

NOTE 3 – Estimates

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the combined financial statements, and the amounts of revenues and expenses reported during the period. Actual results could differ from those estimates.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 4 – Property and Equipment

At December 31, 2022, property and equipment consisted of the following:

| Leasehold improvements Office equipment | \$ 710,317 49,286 |
|--|------------------------------|
| Furniture and fixtures | <u>65,636</u> 825,239 |
| Less: accumulated depreciation | (59,908) |
| Property and equipment, net | \$ 765,331 |

Depreciation expense recorded on property and equipment was \$50,918 for the year ended December 31, 2022.

NOTE 5 – Related Party Transactions

The Company entered into administrative services agreements with Bayshire, LLC (Bayshire), a related party through common ownership. Under this agreement, the Company is to pay Bayshire a monthly fee that is equal to 5% of the monthly gross operating revenues. Management fees amounted to \$841,634 for the year ended December 31, 2022. The outstanding balance of unpaid management fees due to Bayshire was \$80,661, which is included under accounts payable on the combined balance sheet at December 31, 2022.

Additionally, on behalf of the Company, Bayshire paid for various operating expenses during the year ended December 31, 2022. At December 31, 2022, \$1,698,500 was due to Bayshire and is included in the related party payables on the combined balance sheet. As the Company does not expect to pay the balance within one year, the balance is reported as long-term. The amount due bears no interest.

NOTE 6 – Commitments and Contingencies

Health care

The health care industry is subject to numerous laws and regulations by federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for resident services, and Medicare fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for resident services previously billed. Management believes it has mitigated these risks and that such matters will not have a material or adverse effect on the financial condition or results of operations of the Company.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022 (Continued)

(Continued)

NOTE 6 – Commitments and Contingencies (continued)

Litigation

The Company can be subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of such matters will not have a material adverse effect on the financial condition or results of operations of the Company.

General and professional liability coverage

The Company is insured for general and professional liability under a policy limit of \$1,000,000 per individual occurrence and an annual aggregate limit of \$3,000,000. The Company pays fixed premiums for annual professional liability insurance coverage under a claims-made policy. Under such policy, only claims made and reported to the insurer are covered during the policy term, regardless of when the incident giving rise to the claim occurred. The Company is not aware of any unasserted claims or unreported incidents that are expected to exceed malpractice insurance coverage limits as of December 31, 2022.

NOTE 7 – Leases

Facility Lease

On December 2, 2020, the Company entered into a lease agreement with Northshore Healthcare Holdings, LLC. This agreement represents the 2^{nd} lease amendment as part of a larger lease agreement with related parties under common ownership that was initially entered into on September 18, 2019. The term ends September 2034 and includes two five-year extension options. In the event of default by the lessee, outlined in the lease agreement, the lessor shall have the right to immediately terminate the lease by giving written notice. The lease requires minimum monthly rental payments, which are subject to annual rent escalations of the lesser of the CPI increase or 3.35%.

The Company makes certain assumptions in determining the discount rate. As most of the leases do not provide an implicit rate, the Company used its incremental borrowing rate for collateralized borrowings or the risk-free rate in accordance with the lease policy, based on the information available at lease commencement date. The discount rate used for the Company's facility lease was 2.08%.

The Company paid a security deposit to the lessor in relation to the lease agreement. The security deposit amount is required to be three monthly payments of Base Rent in accordance with the lease term, and thus is subject to change as the monthly rental payments change. Upon expiration of the lease, the security deposit shall be returned, without interest, to the Company. As of December 31, 2022, the security deposit was \$511,036.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 7 – Leases (continued)

Vehicle Lease

On February 1, 2021, the Company entered into a lease agreement with TCF National Bank for two vehicles. The initial lease term is 60 months and includes the option to extend on a month-to-month basis. The lease is to be paid in monthly installments of principal and interest totaling \$1,764 for the initial rent term. The discount rate used for the Company's vehicle lease was 18.00%, which is the stated interest rate in the lease. In the event of default by the lessee, the lessor shall have the right to immediately terminate the lease by giving written notice.

Operating Leases

The right-of-use assets as of December 31, 2022, were as follows:

| | _ | Operating leases |
|---|----|---------------------------|
| Initial measurement of leases Accumulated amortization of ROU assets | \$ | 28,284,174 (3,048,600) |
| Right-of-use assets, net | \$ | 25,235,574 |

The maturity of total operating lease obligations as of December 31, 2022, is as follows:

| | Operating leases | |
|----------------------------|---------------------|--|
| | | |
| 2023 | \$ 2,104,571 | |
| 2024 | 2,174,368 | |
| 2025 | 2,246,499 | |
| 2026 | 2,301,639 | |
| 2027 | 2,376,916 | |
| Thereafter | 18,265,108 | |
| | | |
| Total lease payments | 29,469,101 | |
| Less: interest | (3,557,788) | |
| | · · · · | |
| Total lease obligations | 25,911,313 | |
| Less: current portion | (1,573,389) | |
| - | · · · · | |
| Long-term lease obligation | \$ 24,337,924 | |

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 7 – Leases (continued)

The lease cost by line item on the accompanying combined statement of operations for the year ended December 31, 2022, is as follows:

| Operating lease cost: | |
|-----------------------|-----------------|
| Lease expense | \$ 2,049,678 |
| Variable lease cost: | |
| Lease expense | 418,171 |
| | |
| Total | \$ 2,467,849 |

NOTE 8 – Retirement Plan

The Company has a 401(k) plan that is included with other related companies under common ownership. The plan covers substantially all employees, subject to certain limits. Employees may contribute up to the annual permissible dollar limit in effect for the plan year, subject to certain federal income tax limitations. The Company may make matching contributions at its discretion. The Company made no contributions during the year ended December 31, 2022.

NOTE 9 – Risks and Uncertainties

On March 11, 2020, the World Health Organization recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. The ongoing COVID-19 pandemic has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact upon many sectors of the economy, including the healthcare industry. The extent of the impact of COVID-19 on the Company's financial condition will depend on certain developments, including the duration and spread of the outbreak, impact on the Company's residents, employees, and vendors, and other circumstances, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Company's financial condition is uncertain.

NOTES TO COMBINED FINANCIAL STATEMENTS DECEMBER 31, 2022

(Continued)

NOTE 10 – Line of Credit

Effective December 29, 2021, the Company has a line-of-credit agreement with CTR Partnership, L.P. totaling \$5,410,977, under which the Company shares the line-of-credit with a related party and may borrow up to \$2,865,996 but is jointly and severally liable for the full amount. Principal borrowings under the line-of-credit are payable on the termination date, which is the first to occur of (1) December 31, 2024 or (2) the termination of the Master Lease Agreement with Northshore Healthcare Holdings, LLC. Interest is payable at the rate of 8% on the termination date. The line-of-credit is guaranteed by the owner of the Company and other related entities. At December 31, 2022, the Company had no borrowings under this agreement.

NOTE 11 – Subsequent Events

Camino Real Care LLC and Skilled Camino LLC did not have any subsequent events through June 27, 2023, which is the date the combined financial statements were available to be issued, requiring recording or disclosure in the combined financial statements for the year ended December 31, 2022.

PART 5 LIQUID RESERVES

INDEPENDENT AUDITOR'S REPORT

To the Management of Camino Real Care LLC and Skilled Camino LLC Escondido, California

Opinion

We have audited the accompanying continuing care reserve report (the "Reports") of Camino Real Care LLC and Skilled Camino LLC (collectively the "Company"), which comprise the continuing care liquid reserve schedules Form 5-1 through Form 5-5 as of December 31, 2022. The Reports have been prepared by management using the liquid reserve requirements of California Health and Safety Code Section 1792.

In our opinion, the Reports referred to above present fairly, in all material respects, the liquid reserve schedules Form 5-1 through Form 5-5 of Camino Real Care LLC and Skilled Camino LLC as of December 31, 2022, in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Reports section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to the basis of accounting used to prepare the Reports. The Reports were prepared on the basis of the liquid reserve requirements of California Health and Safety Code Section 1792, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of California Health and Safety Code Section 1792. The Reports are not intended to be a complete presentation of the Company's assets, liabilities, revenues and expenses. Our opinion is not modified with respect to this matter.

Management's Responsibility for the Reports

Management is responsible for the preparation and fair presentation of the Reports in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of Reports that are free from material misstatement, whether due to fraud or error.

In preparing the Reports, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the Reports are available to be issued.

Auditor's Responsibility for the Audit of the Reports

Our objectives are to obtain reasonable assurance about whether the Reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Reports.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Reports, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Reports.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Reports.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the Reports as a whole. The accompanying supplementary information of Attachment I to Form 5-4: Calculation of Net Operating Expense Reconciliation of Line 1, Attachment II to Form 5-4: Calculation of Net Operating Expense Reconciliation of Line 2e, Attachment III to Form 5-5: Note to the Continuing Care Reserve Report are presented for purposes of additional analysis and is not a required part of the Reports. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Reports and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Reports themselves, and other additional procedures in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792. In our opinion, the information is fairly stated in all material respects in relation to the Reports as a whole.

Restriction on Use

Our report is intended solely for the information and use of the Company and for filing with the California Department of Social Services and is not intended to be, and should not be, used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

FORM 5-5 ANNUAL RESERVE CERTIFICATION

Provider Name: Bayshire Carlsbad Post Acute

Fiscal Year Ended: DECEMBER 31, 2022

We have reviewed our debt service reserve and operating expense reserve requirements as of, and for the Period ended DECEMBER 31, 2022 and are in compliance with those requirements.

Our liquid reserve requirements, computed using the audited financial statements for the fiscal year are as follows:

| | | <u>Amount</u> |
|-----|----------------------------------|---------------|
| [1] | Debt Service Reserve Amount | \$0 |
| [2] | Operating Expense Reserve Amount | \$1,187,475 |
| [3] | Total Liquid Reserve Amount: | \$1,187,475 |

Qualifying assets sufficient to fulfill the above requirements are held as follows:

| | | | <u>Amount</u> (market value at end of quarter) | | | | |
|------|---|------|---|----------|-------------------|--|--|
| | Qualifying Asset Description | | Debt Service Reserve | e at end | Operating Reserve | | |
| [4] | Cash and Cash Equivalents | | \$0 | - | \$244,380 | | |
| [5] | Investment Securities | | \$0 | - | \$0 | | |
| [6] | Equity Securities | | \$0 | - | \$0 | | |
| [7] | Unused/Available Lines of Credit | | \$0 | - | \$2,865,996 | | |
| [8] | Unused/Available Letters of Credit | | \$0 | - | \$0 | | |
| [9] | Debt Service Reserve | | \$0 | | (not applicable) | | |

| Net change in accounts receivable Cash received from residents | \$ (498,411) 16,294,322 |

FORM 5-5 ATTACHMENT III Note to the Continuing Care Reserve Report (Part 5)

The continuing care reserve report included in Part 5 has been prepared in accordance with the report preparation provisions of the California Health and Welfare Code (the Code), Section 1792.

Section 1792 of the Code indicates that the Company should maintain at all times qualifying assets as a liquid reserve in an amount that equals or exceeds the sum of the following:

- The amount the provider is required to hold as a debt service reserve under Section 1792.3.
- The amount the provider must hold as an operating expense reserve under Section 1792.4.

In accordance with the Code, the Company has computed its liquid reserve requirement as of December 31, 2022, the Company's most recent fiscal year end, and the reserve is based on audited financial statements for that period.

H&SC SECTION 1790(A)(2) AND (3) DISCLOSURE

H&SC SECTION 1790(A)(2) AND (3) DISCLOSURE

Description of all Reserves Maintained

All providers are required by Health and Safety Code section 1789.1 to provide this report to prospective residents before executing a deposit agreement or continuing care contract, or receiving any payment. Many communities are part of multi-facility operations which may influence financial reporting. Consumers are encouraged to ask questions of the continuing care retirement community that they are considering and to seek advice from professional advisors.

Camino Real Care LLC and Skilled Camino LLC

Key Indicator Report

Explanations for Significant Trends or Variances in the Key Operational Indicators

Average Annual Occupancy

The projected increase is related to continued efforts to increase the census.

Net Operating Margin (%)

The projected increase in the net operating margin is due to an anticipated decrease in expenses as the facility continues to gain efficiencies with the continued operations, as the operations have only been effective since June 1, 2021.

Annual Capital Asset Expenditure

The facility is being leased and currently there are no significant plans in place for capital asset expenditures.
